Comments from the provider

Our ambition of 'Every day well lived', and the wellbeing, health and safety of residents is our top priority.

CQC has given Sycamores an overall rating of 'Requires improvement' following an inspection process which only inspected two of the five domains above.

Whilst we know you'll be disappointed with the overall rating, so are we. You can be assured we are confident that due to our own continuous quality monitoring, and the hard work and dedication of our staff, Sycamores will continue to provide a warm, safe, stimulating, and caring experience for the people living here.

Residents are at the centre of all that we do and as an open and learning organisation, we will continue to work to get Sycamores the recognition that it so deserves from the regulator.
